Re: Formal Approval of Form and Amount of Reclamation Surety, Chemstar Lime Company, Marblehead Mountain Processing Facility, M/045/024, Tooele County, Utah

Dear Mr. Kelley:

On March 23, 1994, the Board of Oil, Gas and Mining formally approved of the form and amount of replacement reclamation surety (\$272,000, issued by National Union Fire Insurance Company or Chemstar Lime Company's Marblehead Mountain Processing Facility. This has effectively finalized the permit transfer from USPCI Inc./MERR Corp. to Chemstar Lime Company. Chemstar Lime Company will now be the designated operator held responsible for continued operations and for performing the required reclamation at the Marblehead Mountain Processing Facility.

Enclosed please find copies of the fully signed and executed Reclamation Contract, Surety Bond form and the permit transfer forms for your files.

Thank you for your time and efforts in helping finalize this transfer and permitting process.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
